# Coffee. Just *better*

Dear NIVONA dealers,

If you can't go to the IFA, we'll bring the IFA to you, or at least the NIVONA trade fair stand. This little brochure will provide you with a compact overview of our new products 2020, with all the details at your fingertips.

Of course, we wouldn't want you to miss out on the hustle and bustle of the event, which is why we've recreated it here in our picture puzzle of the NIVONA stand. Give it a go and see if you can find all our new products or even our managing director Peter Wildner!

We hope to see you again soon for a proper cappuccino or espresso. In the meantime, stay safe and enjoy excellent coffee with your NIVONA.

Your NIVONA team

NICR **9'30**

The elegance of a true  
**classic.**

## **Timeless design** for special appeal

Timelessness is a rare quality – and this machine adds superior design and elegance to it: Our NICR 930 combines the essence of the 9 series with a refreshing new look.

Greater culinary delight and greater comfort: Coffee, cappuccino or latte macchiato at the touch of a button – also for two cups at the same time if you fancy it.

Seductive elegance in every moment.

## Special *officer* on duty

At work, everything is full speed ahead – apart from the coffee? Our NICR 1040 solves this problem with ease. It is easy to operate and clean, combined with an extra large bean container and water tank,

making it ideal for any office. With a new milk tube and **easyclean+**, it is really easy to clean the milk system.

No more unplugging the milk tube, allowing **simple cleaning** at the press of a button.

- Designed for 60 to 65 cups a day
- Optimised for office use with a large water tank and bean container
- Quick profile for fast delivery of lots of coffee
- Quantity function: for up to approx. 1.9 litres of coffee at a time, e.g. for meetings and guests.

**Barista**  
style.

It all comes  
down to the  
**beans.**

You really haven't experienced coffee yet. At least not like this. With our 6 series, you can make coffee like a barista, from a fully automatic coffee machine. Get to know our aroma technology and delight in the mildness of the coffee beans or bring out the full intensity of an outstanding flavour.

Our "Barista in a box" (technically: Aroma Balance System) is the key.

- Entry-level model for NIVONA aroma technology
- With "Barista in a box" (Aroma Balance System)
- Milk foam with EASY SPUMATORE
- Bluetooth operation via app

**Coffee beans**  
*Carefully selected,  
lovingly roasted*

No matter how good a fully automatic coffee machine may be – if you don't use high-quality coffee beans, you won't enjoy your cappuccino or espresso. This is why we've developed three special blends in close cooperation with our coffee roasters. New in our range and ideal for cappuccino: our Caffé Arezzo from 100% Arabica highland beans.

## NEW design

NIVONA is the charming alternative. And we want to make this even more visible, with a clear, unique design that combines emotional images with strong colours. NIVONA: premium fully automatic coffee machines that make a clear statement. With a new look from autumn 2020.

The wave - our strong design element.
